A few points of mention:

- Stock transfers require both "sender" and "receiver" to know when the transfer will take place.

- Please notify your development officer at The University of Akron when your gift is about to transfer and also provide the name of your broker/dealer so that Treasury Services can be alerted.

- Security transfers are not completed until the next business day. This is particularly important in December, if you wish the Foundation to receive your gift prior to the end of the tax year.

- Your gift of stock is valued, for tax purposes, at the mean of the high and low on the date the shares are received in our account.
